HEATING SERVICES

Millinocket Heating Oil & Propane Suppliers

Confirm delivery territory, current pricing, tank ownership and equipment-service availability.

Local and regional suppliers

SERVICE / PROVIDER	CONTACT	WEBSITE / NOTES
Dead River Company - Millinocket	207-723-5151	Heating oil, K-1, propane and equipment service deadriver.com
R.H. Foster Energy - Lincoln	207-794-2200	Heating oil, propane and equipment service rhfoster.com
Dysart's Fuel	207-922-1515	Heating oil and delivery programs dysartsfuels.com

Questions to ask before choosing a fuel supplier

- Who owns the propane tank? A supplier-owned or leased tank may restrict your choice.
- What is the delivered price per gallon, minimum delivery and new-customer fee?
- Is automatic delivery available, and is its price different from will-call delivery?
- Are budget, pre-buy or price-protection plans offered?
- Does the company provide 24-hour no-heat service and annual maintenance?

PROPANE SAFETY: If you smell propane, leave immediately. Do not operate switches or phones inside. From a safe location, call 911 and the propane supplier.
